

OSC 92UL BS-0.6/1/1.5 Digital scale standard type

<Features>

- Standardizing high demand plat form, realized low price.
- Adopted 4 point multi load cell type and spherical bearing bracket to all models.
- High durability because of reducing shock to load cell
- High precision standardizing of load to load cell

<Specifications>

Model	BS-0.6		BS-1		BS-1.5		
Capacity (kg)	600		1,000		1,500		
Division (kg)	0.2		0.5		0.5		
Dimension (mm)	A	1,200	1,500	1,200	1,500	1,200	1,500
	B	1,200	1,500	1,200	1,500	1,200	1,500
	C	135	135	135	135	135	135
Weight (kg)	230	290	230	290	230	290	
Weighing method	4 points multi load cell system						
Material	SS400 painted finished						
Painted color	Munsell 10GY4/7						
Indicator	CSD-904						
Assay	New assay approved						

Model	BS-2		BS-3		
Capacity (kg)	2,000		3,000		
Division (kg)	1		1		
Dimension (mm)	A	1,200	1,500	1,200	1,500
	B	1,200	1,500	1,200	1,500
	C	135	135	170	170
Weight (kg)	230	290	250	300	
Weighing method	4 points multi load cell system				
Material	SS400 painted finished				
Painted color	Munsell 10GY4/7				
Indicator	CSD-904				
Assay	New assay approved				

Options

- Change of indicator
- Indicator stand
- SUS cover
- Channel for forklift
- Level adjusting foot
